I am appalled at the rate increase requested by Carolina Water Services, Inc. I understand and am insulted by their strategy of requesting an astronomical amount to allow negotiating room. Our Nation, more specifically South Carolina is in severe economic distress. We have no alternative to our water supplier options! How dare this supplier try to capitalize on our lack of options. How dare they!!!

I am a 62 year old hard-working, tax paying Grandmother and I have had enough.

Dukes Scott is to be commended for encouraging public response. I plan to write every elected official from President Obama to my Council. Grassroots America has had enough!
